Haven offers FREE programs and services that are committed to:

Empowering Individuals to make fully informed and self-directed decisions. We do this by offering information that is accurate, evidence-informed and non-judgmental.

Creating Safety by supporting individuals in making decisions that are consistent with their values and by providing supports for all pregnancy outcomes.

Creating Options by offering programs and services that address the cultural, social, spiritual and economic concerns which cause individuals to see abortion as their only option to an unexpected pregnancy.

Health Services through a Registered Nurse

- Pap Tests
- Pregnancy Confirmation
- Pregnancy Decision-Making Support
- Education on healthy relationships and sexual decision making

Haven does not perform or arrange for abortions or abortifacients
